

TEJAS KASBEKAR

Full-Stack Developer • MERN Stack Developer • Backend Engineer (Node.js) • AI & Cybersecurity Enthusiast

Pune, India

Phone: 9112066073

Email: tejas31441@gmail.com

SUMMARY

Full-Stack (MERN) developer skilled in scalable web applications, efficient backend architecture, and clean modular code. Experienced with Node.js, Express.js, React, JavaScript, Redux, MongoDB, and MySQL.

Expanding expertise in AI/ML and Cybersecurity while building industry-standard full-stack systems.

SKILLS

Frontend:

- HTML5, CSS3, JavaScript (ES6+)
- React.js (Hooks, State Management, Redux)
- GSAP animations, responsive UI, accessibility

Backend:

- Node.js, Express.js
- REST APIs, MVC architecture
- JWT authentication, sessions
- Secure API design & error handling

Database:

- MongoDB – Queries, Aggregation, Indexing
- MySQL – schema design, CRUD, queries

Tools:

- Git & GitHub (conducted version control seminars)
- Postman, VS Code, NPM

Additional:

- AI/ML foundations, Cybersecurity basics
- Strong DSA foundation in C++
- System design basics

PROJECTS

University Banking System:

- Full banking platform with JWT authentication, sessions, MongoDB integration.
- Modular backend structure; responsive UI.

Maharashtra Police Crime Records System:

- Secure CRUD system with admin JWT login.
- Dynamic DB updates with validations.

Smart Menu Card Website:

- Digital menu system for restaurants with real-time updates.

QuickCoupon – Coupon & Cashback Finder Website:

- WhatsApp API auto-message generation.
- Auto-generated unique coupon codes for each shopkeeper.
- Dynamic updates for offers, pamphlets, images, and deals.

Netflix Landing Page Clone:

- Responsive landing page with animations.

EDUCATION

Bachelor of Engineering — Computer Engineering

Trinity Academy of Engineering, Savitribai Phule Pune University (SPPU)

Currently in Semester 5

ACHIEVEMENTS & LEADERSHIP

- Lead for Computer Department at inter-college event; managed 300+ participants.
- Current Vice President of the Computer Department.
- Hosted 40-team Valorant Esports Tournament.
- Delivered seminar on Version Control (Git & GitHub).
- Preparing seminar on Brain–Computer Interfaces.

PERSONAL STRENGTHS

- Fast learner & self-driven
- Strong logical thinking + DSA foundation in C++
- Detail-oriented, clean coder
- Excellent leadership qualities
- Ability to stay goal-focused
- Passion for perfection — “Want to be the best at everything” mindset
